1. Notebook weights: based on preliminary Dell lab testing. Weights vary with configuration and manufacturing variability.
2. Notebooks with 4GB or greater system memory capability: A 64-bit operating system is required to support 4GB or more of system memory.
3. Graphics & system memory: Significant system memory may be used to support graphics, depending on system memory size and other factors.
** If your product is purchased with Intel® 6th Gen CPUs or 7th Gen CPUs, the maximum memory speed achievable is 2133 MHz
4. Hard drive capacity: GB means 1 billion bytes and TB equals 1 trillion bytes; actual capacity varies with preloaded material and operating environment and will be less.

Vostro 14/15 3000 feature overview

14- and 15-inch laptops ideal for professionals at an excellent value

This essential performance laptop is powered by the latest energy efficient, ultra-low voltage **Intel® processors up to 7th Gen Core™ i7** performance. For more demanding graphics-rich applications or uninterrupted multi-tasking performance, you can opt for the built-in **discrete graphics** from AMD with 2GB DDR3L vRAM for a performance boost.

Having up to **2 SoDIMM 16GB DDR4 memory** (not available on model 3568 and 3562) is great for multi-taskers who keep several applications open at the same time and switch between them. Your laptop stays quick and responsive, unlike older systems with less memory that bog down and crash.

Extra security

Log in quickly and securely without having to use a password with the optional, built-in **fingerprint reader** and **Windows 10 Hello** biometric recognition feature. Feel confident that your data and your system is well-protected against malware and cyber threats with Windows 10 and preloaded security software solutions.

Optional **hardware TPM** delivers commercial-grade security by providing hardware protection and storage for encryption keys. It is used by various pieces of software (WiFi, hard drive encryption, etc.) to verify that your device is unique and trusted by other devices on the system.

Plenty of ports

The **HDMI port** allows you to connect your laptop to an external monitor or big-screen TV to view content in up to FHD / 1080p resolution for stunning detail.

The **VGA port** ensures maximum protection of your existing technology investments.

The **two USB 3.0 ports** transfer files up to 10x faster than USB 2.0 ports, saving you time on large file transfers between your laptop and external hard drives or networks.

The **SD media card reader** allows you to insert a media card into the laptop's card reader slot to transfers files from your camera or video recorder.

Great storage

Big hard drives up to 1TB 5400RPM HDD and 512G SSD (on model 3468) allow you to store your content with less worry about running out of hard drive space.

The available built-in **DVD drive** lets you burn videos and music onto readable/writeable DVDs for extra storage and scalability. You can also play DVDs/movies, rip music from CDs, and conveniently load software, applications and data onto the laptop.

Easy on the senses

The **array of colors** makes the Vostro 14/15 3000 more visually outstanding to keep you looking good.

Available **FHD 1080p resolution** (3568 only) gives you the best front-of-screen experience.

Collaborate remotely or take your meetings online with the built-in **HD webcam** and **Waves MaxxAudio® Pro** audio enhancing software. Your customers will be impressed by this video conferencing solution that reduces background noise and boosts audio clarity.

Extra assistance

Using **Windows® 10 Cortana** with a Dell PC equipped with Waves MaxxAudio® Pro lets you easily interact with your own personal, digital assistant. You get a natural voice interaction experience so you have the freedom to multitask and get through your to-do list more quickly.

Support for unmanaged IT environments

Choose optional **Dell ProSupport™** for 24x7* direct telephone access to advanced-level technicians based in your region. Whether you have one office or hundreds around the world, protect your investments with this simple yet flexible approach.

Vostro brand

The Vostro family of PCs is designed to give you everything you need and nothing you don't. Whether you're balancing the books, ordering inventory or managing payroll, the easy-to-use Vostro family of PCs is dedicated to helping your business thrive. This brand delivers reliable security, simple productivity features, outstanding support and exceptional affordability.

Vostro is cost-optimized, but quality is never compromised.

Thorough testing and validation

We use up to **50 different kinds** of RSV (reliability, shock and vibration) **testing programs**.

Third-party certification

Dell obtained **500K Hours Mean Time Between Failures Certification** in China for desktops.

Solid quality metrics improvement

The Vostro **desktop field incidents rate (FIR)** trend **improved by >30%** from fiscal year 2011 to fiscal year 2016.

The Vostro **notebook FIR** trend **improved by ~40%** from fiscal year 2011 to fiscal year 2016.
